

MI PROYECTO DE INVESTIGACIÓN

CYCLE 1 AND 2

We design an image explaining a problem that asks for two numbers and shows the sum, the difference and their product  
Recognize the size of the problem by the amount of data involved: small, medium, Large

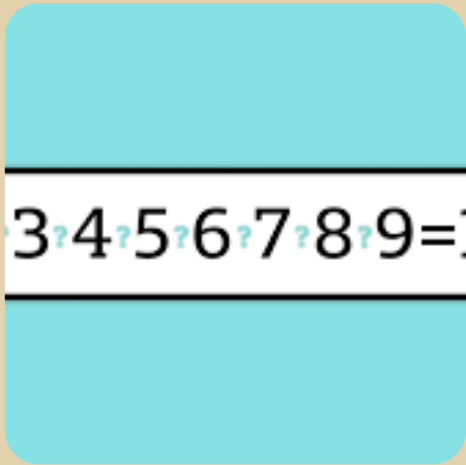

CYCLE 3

Control  
Evaluation 1

CYCLE 4 AND 5

Design an image explaining a problem that asks for two numbers and shows the sum, the difference, their product and their quotient.

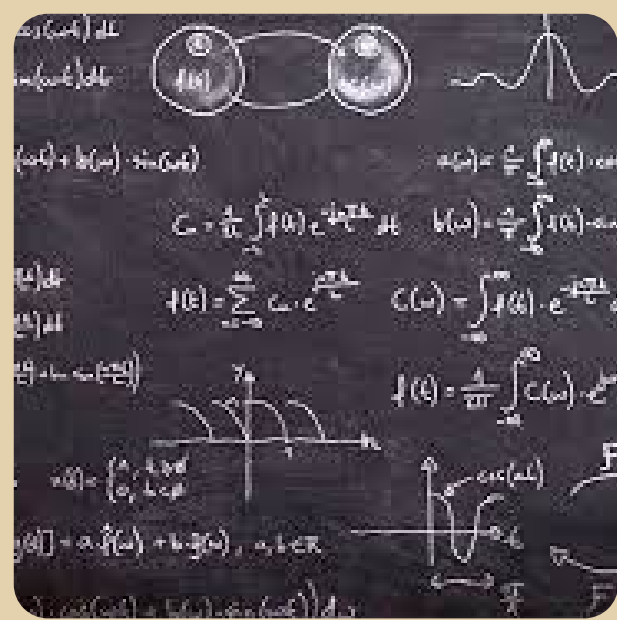

CYCLE 6

Control  
Evaluation 2

# CYCLE 7 AND 8

Design an image explaining a problem that asks for three numbers and shows the sum, its product, its quotient and its average

# CYCLE 9

## Closing Evaluation
